SOHAIL SHAIKH

Java & Android Developer | Entry-Level Software Engineer

Dehu Road, Pune, Maharashtra 412101, India | +91 9552081902 | Sohailshaikh1620@gmail.com

Portfolio: sohail-shaikh-20-in.vercel.app | linkedin.com/in/sohail-shaikh-z | github.com/SohailShaikh03

PROFESSIONAL SUMMARY

BBA-CA graduate (Savitribai Phule Pune University, CGPA 8.56) and Java developer with hands-on experience building full-stack web applications using Servlets, JSP, JDBC, and SQL, and Android apps using Firebase. Built end-to-end projects independently, including Orbit, an interest-based social networking platform, a Firebase-backed family app, and a real-time sign-language translator. Strong in Java fundamentals, OOP, debugging, and software testing. Seeking an Associate Software Engineer role to deliver reliable, high-quality code and grow within a team.

TECHNICAL SKILLS

Core Java: OOP, Collections, Exception Handling, Multithreading

Backend: Servlets, JSP, JDBC, Hibernate, REST APIs

Database: SQL, Relational Database Concepts, Firebase (Realtime Database, Firestore)

Tools: Git, GitHub, Eclipse, VS Code, Android Studio, Antigravity

Android: Android SDK, Activities, Fragments, RecyclerView, Material Design, Firebase Authentication, Cloud Storage

Web: HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS, React.js, PHP

Testing: Software Testing Fundamentals

Automation Testing: Selenium WebDriver, JUnit, Cucumber, Gherkin, XPath, CSS Selectors, Chrome DevTools, Java-based test automation

Currently Learning: Spring, Spring Boot

PROJECTS

Orbit – Interest-Based Social Networking Platform *Personal Project*

Java Servlets, JSP, JDBC, SQL, HTML, CSS, JavaScript, Tailwind CSS

- Developing a full-stack social platform that helps users discover and connect with people who share similar interests.
- Implementing server-side functionality using Java Servlets and JSP, with JDBC and SQL for database operations.
- Building a responsive interface for user profiles, interest-based discovery, and social interactions.

Roots – Family Social Media Application *Final Year Project*

Java, Android Studio, Firebase (Auth, Realtime Database, Cloud Storage), MVC

- Designed and developed a Java-based Android app for private family communication with authentication, real-time data sync, and media storage.
- Structured the app into modular MVC components, including RecyclerView adapters, Fragment-based navigation, and a Material Design UI.
- Debugged and fixed crash bugs in authentication routing and deprecated API usage; added input validation and removed a hardcoded API key to improve security.
- Implemented asynchronous Firebase listeners and event-driven callbacks; learned independently via documentation.

Mudra – Indian Sign Language (ISL) Translator *Independent Project*

Python, TensorFlow, Keras, OpenCV, Streamlit

- Trained a custom CNN with data augmentation to recognize 26 ISL hand gestures (A–Z) in real time.
- Built an OpenCV image-preprocessing and model-inference pipeline for live webcam input.
- Developed and deployed a Streamlit web app with real-time gesture recognition and text-to-speech output.

Gaming Hub – PC Game Download Platform *Personal Project*

HTML, CSS, JavaScript, PHP

- Built a responsive web platform for browsing and downloading PC games using responsive CSS and DOM manipulation, with PHP powering the backend.

EDUCATION

Bachelor of Business Administration – Computer Applications (BBA-CA) 2023 – 2026

ATSS College, Chinchwad, Pune (Savitribai Phule Pune University) | **CGPA: 8.56 (A+)**

Relevant Coursework: Advanced Java, Software Engineering, DBMS, Android Development, Software Testing

HSC (Science) – Lion's Club School & Junior College, Pune | 71% 2021 – 2023

SSC – Samson Memorial Republic High School, Pune | 75.50% 2020 – 2021

TRAINING & CERTIFICATIONS

Full Stack Java Development – Kiran Academy, Pune

Technologies Used: Java | J2EE | SQL

- Learned Java full stack development and gained hands-on experience in web development projects using Java, J2EE.

Test Engineer – ITC Infotech STEM Education Program (ICT Academy), ATSS College Nov 2025 – Jan 2026

Enabling IT Industry Readiness | Grade A | Software Testing

- Completed the Test Engineer course with Grade A, building software testing knowledge.
- Software Programming Developer/Engineer – Career Certificate – Udemy
- Web Development: HTML, CSS, JavaScript, Bootstrap, React.js – Udemy

LEADERSHIP & ACHIEVEMENTS

- Head Boy for 3 consecutive years; Class Representative (2nd Year) for 60+ students.
- Presented a technical project at the Avishkar Research Competition (zonal level).
- Participated in intercollegiate hackathons and startup competitions.

Languages: English, Hindi, Marathi
